What you will need to bring with you for University:

- National Insurance number
- Debit / credit cards
- Photo ID (Driving licence, Passport)
- Passport photos (at least 4-6 for various IDs)
- Stationery
- Diary

Hints and Tips!

- **5 of everything**

If you are living in an en-suite apartment don't bring a kettle or a toaster or you could end up with 5 or more! Log on to the Facebook page for your specific accommodation, find your housemates and see what they may be bringing. Alternatively, go shopping together to purchase such items which you can share.

- **Be Green**

Utility bills are capped; anything over your capped amount will need to be paid for. Think Green and Switch off! The students who use the least energy will be rewarded!

- **Finance**

- Arrange your student finance as early as you can - to make sure you get your money at the beginning of term.
- Ensure funds are available to pay your rent to avoid additional charges such as bank charges and arrears charges.
- Plan your meals before you go food shopping to avoid buying items which will go to waste. Shop with your housemates 😊
- Keep a log of how much money you have coming in and how you are spending it. That way you can tell exactly where your money is going and make important conclusions from it.
- Look at buying text books second hand or using the library. Alternatively buy and sell books on Amazon and EBay.
- Cars may be useful, but they can also be an extra expense, especially when you take into account maintenance, insurance and road tax. You may also have to pay extra for car parking. Get used to using public transport as quickly as possible. It's cheaper than running a car and you can typically get some form of discount being a student.
- Remember to look after your room and keep it clean. There will be inspections throughout the year to monitor cleanliness and damage. Charges will be applied to your account if the state of your apartment is not acceptable.

- **Settling in**
 - Bring some keepsakes to make your room feel homely – but not the family antiques, valuable memorabilia or expensive irreplaceable items!
 - Register with Endsleigh contents Insurance.
 - Attend all events that your accommodation and University organise throughout the year! This way you can make lots of friends!
 - Be considerate to the other students around you.
 - If you like your room and want to share with particular students next year- remember to rebook your room early!

Top safety tips (Provided by Home Office UK)

Don't be a statistic. Staying safe is all about following a few common-sense guidelines. Read the following tips, which could make all the difference:

- Many burglaries happen when a door or window has been left open - in a private home or flat, lock up whenever you go out, with deadbolts if you have them
- In halls of residence, be careful who you let in or who follows you into the building - lock your bedroom door even if you are only going down the corridor
- Robbers are after an easy target - walk in groups at night, travel by taxi or stay over with friends, your safety is worth more than the cab fare home!
- If possible, use cash-machines during the day - put your card and cash away and be vigilant - never write down your PIN
- Keep cards and cheque books separately - note down your card details so you can cancel them quickly
- Always lock your car and put valuables out of sight - never leave the keys in the ignition even when paying for petrol
- After a night out, arrange to go home with friends or in a taxi
- To prevent spiking, don't leave drinks unattended
- Be vigilant when using your mobile phone - if your phone is stolen, call your network or 08701 123 123 to immobilise it
- Protect yourself with insurance – keep a list of the make, model and serial numbers of your electronic items to help police track them down if they are stolen
- Mark your property with the initials of your university (e.g. NU - Nottingham University) and your student ID number - this makes it harder for a burglar to sell stolen goods and can help the police to return items to you.
